NETEJA DE S'ESPALMADOR

Diumenge, 19 de maig de 2019
De 9.00 a 11.00 h
Sortida des del Port de la Savina

The environment office of the Formentera Council reports that no more space is available for Plastic Free Formentera's coastal clean-up on s'Espalmador island, Sunday May 19. Between the twenty people who will perform cleaning underwater and fifty scheduled to work on the shoreline, a total of roughly seventy islanders have signed up to take part. Volunteers will set out at 9.00am from la Savina port.

Organisers regret that not everyone who wanted to take part was able to. Approximately twenty were turned away and encouraged to come out for future clean-ups.
