

The events programme of International Women's Day (8 March) was announced today before a crowd at the Formentera Council. Councillor of social welfare, Vanessa Parellada, was joined by Dolores Fernández Tamargo, president of local association Espai Dones, for a presentation of a host of commemorative activities that will start next Monday February 29th with the launch of an exposition *Dona i Microcrèdit* (*Women and microcredit: a world of employment and hope*), 8 p.m. in the municipal gallery of the old town hall, and conclude on Sunday April 17th at 12 noon by rendering homage to the figure of the elderly Formentera matriarch—“la dona major de Formentera”—an act that is set for the Magic Box hall of the Formentera day centre.

Like every year, celebrations will be centred around March 8th. From five in the afternoon, volunteers will staff an informational stand at the Sant Francesc square, plaça de la Constitució. A flash mob is planned at six o' clock and then, at half past six, the Espai Dones manifesto will be read before all gathered on the plaza. As the final act of the evening, Antoni Serra, head of NGO Treball Solidari, will lead another instalment in the *Dona i Microcrèdit* conference series, this one on the global south-north flow of people and resources. For all those women interested in taking part in the flash mob, Fernández Tamargo pointed out practices being held Sundays at eleven a.m. in the Casal d'Entitats with the help of Formentera's dance teacher.
