

President Alejandra Ferrer and the councillor of social welfare, Rafael Ramírez, met yesterday with Fina Darder, the coordinator of the Fons Pitiús de Cooperació. The meeting marked administration officials' first with representatives of the fund for cooperation so far this legislative term, and according to President Ferrer, it came with an agreement “to continue working in partnership to develop cooperation projects and support for the underprivileged”.

The Consell de Formentera is a member of the *fons* (fund)—a non-profit that drives cooperation and humanitarian aid projects in addition to efforts to educate and train residents of the two Pityusic islands. Councillor Ramírez and Darder made plans for a subsequent gathering to continue working on some of the day-to-day issues facing the lifeguard and rescue service.
