

Early this morning local firefighters put out a small blaze that destroyed a car and scorched a small area of forest.

At 3.35am the fire brigade received notification via telephone that a fire had broken out on a road in Can Marroig abutting s'Estany des Peix. The response team included three firefighters, two vehicles and a Guardia Civil unit. Both the vehicle and two square metres of forest floor occupied by Savina juniper and bushes were incinerated. The team had extinguished the blaze entirely by 4.45am.

The Guardia Civil is currently leading an investigation into the cause of the fire.
