

... *Y también hay mar*, Silvina Taffuri's exhibit illuminating rural aspects of local life, takes up residence tomorrow at Centre Antoni Tur 'Gabrielet'. Goats, sheep, trees and flowers are all part of Taffuri's revelatory exploration of a place with so much more to offer than the sea that surrounds it. From the artist's treks across the island emerge varying glimpses of nature which in turn become the inspiration for outsize tableaux and sculptures.

The display is on view Monday to Sunday, 11.00am to 2.00pm and 5.00pm to 10.00pm, till 27 August.
