

The Formentera Council wishes to announce the relocation to Sant Ferran of the department of education, culture and patrimony; the administration's language advisory service; the office of trade and markets and the bureau of citizen participation.

From today, inquiries related to these offices should be carried out at the new location, carrer Mallorca, 17A, during regular office hours (9.00am to 2.00pm).

The move stems from a proposal that arose during a discussion on the state of Formentera in 2017. Participants called for reestablishing the offices in Sant Ferran as a way to promote the town as the island's cultural stronghold.
